# Chamber *focus*

The Executive Director of the Port of Chehalis will be at the Winlock City council meeting on Monday the 27th at 7pm to talk about the Chehalis Port and its benefits to the Chehalis area. Make sure you attend .

A Port District is an organization who's sole intent is to promote and assist local goals for jobs and industry. A port district is not a piece of land but an organization much like a fire, library or school district. This effort is not about the 500 plus acres of industrial zoned land but more about the overall economic health of our area. The three elected commissioners, who must reside within the Winlock School District, may decide, for example, to purchase and remodel the old Roxy Theater to make it an anchor for the downtown. A port district could decide that parks and recreation is economically viable as its goal. It is being recommended that only .10 per thousand be raised for the port or approximately \$39,000 per year. These funds could go for planning by the community as to what kind of jobs and industrial growth they would want or to hire grant writers to apply for funds.

What would Winlock look like today if they had the foresight that Chehalis did in the 80's. The tax, water and sewer rates would be lower. The schools would be full and overall services would be better. Stop by Brosey's Hardware, EZCome EZGo Pizza, Sterling Savings Bank or Timberland Bank to sign the petition.

*Next Forum Lunch will be at  
Los Pepe's in Toledo*
